ZOOM GAMES!

Instructions:

- 1) Split your group in to breakout rooms or separate zoom calls
- 2) Text your leaders the list of charades in a separate message
- 3) Decide a "start time" for the game
- 4) At the start time, the leader uses the ZOOM "private chat" feature to send the first player the charade
- 5) The first player acts out the charade and the other players all call out their guesses
- 6) When the leader hears the correct answer they private message the player who got it right the next charade on the list (leaders need to go fast!)
- 7) When your group completes the list they return to the main room
- 8) The first team back to the main room is the winner!

Need:

- 2 or more coaches or athlete leaders
- Breakout rooms or a separate zoom call
- List of charades that you create in advance
